2-1-1 Updates are Going Virtual!

2-1-1 Ashtabula County has updated our resource updating process! Every year we reach out to ask that all of the agencies in our database review the information we have about them. This is to make sure we are still providing clients with correct information about their agency.

In the coming months those agencies may receive an email from 211@accaa.org. The email will contain a link. If you copy and paste that link into your browser, you will be able to see exactly what our operators see. You will then be able to directly edit that information. Our Database Curator will then edit the information to meet our standards and approve it for our operators, and for the public resource database. Feel free to reach out to us if you have any questions!

Film Screening, Health Equity in Ashtabula Presentation & Community Discussion

Wednesday, April 26, 5:30 PM-7:45 PM

Main Hall Auditorium
Kent State University at Ashtabula
3300 Lake Rd W, Ashtabula, OH 44004

This film lays out the big picture: who gets sick and why? Set in Louisville, Kentucky, it shows how health and longevity are correlated with class status, how racism imposes an additional risk burden, and how solutions lie in making inequality an urgent public policy matter.

The health equity in Ashtabula presentation will connect what we learn in the film directly to Ashtabula.

CELEBRATION
AUGUST 10, 2023

Help us give the gift of reading to every child birth to age 5 in Ashtabula County.

First Lady Fran DeWine is passionate about the importance of reading, and getting books into the hands of every eligible child in Ohio is a major initiative of hers. Ashtabula County Community Action Agency is honored to provide the Imagination Library program to the children of Ashtabula County.

Our numbers in Ashtabula County have now grown to almost 3,000 children currently receiving free books every month! And we continue to grow!

This program depends on the generous donations from community members and organizations like you, who share the commitment to reading and early literacy. Please help us provide the amazing Dolly Parton's Imagination Library of Ashtabula County program and continue to place books in the hands of children, so they can succeed in school and beyond.

Your gift of $25 would provide a book each month to 2 children for 1 full year.

Developing literacy begins at birth. Research shows by the age of three, a child's brain is already 80% developed. A gift of any amount is appreciated to ensure the children and families in our county have access to books and the benefits of early learning. Thank you for helping sustain the excitement each child experiences when their book shows up in the mailbox, and the long-term impacts they represent.

Yes, I want to help give the gift of reading to every child birth to age 5 in Ashtabula County

_____A gift of $25 would provide one book each month to two children for one year.
_____A gift of $100 would provide a book each month to eight children for one year.
_____A gift of $1,500 would sustain this program for an entire month.
_____A gift of $18,000 would sustain this program for an entire year.
_____You decide, a gift of any amount is helpful, meaningful, and impactful.
